Profile

Computer Engineering graduate, passionate about creating robust software solutions and developing high-performance applications. I have skills in full-stack development (front-end & back-end). Motivated by continuous skill acquisition, I strive to design quality, robust applications focused on user experience.

EDUCATION

Engineering Degree in Computer Science — 2022 – 2025
National Engineering School of Tunis (ENSIT)

Preparatory Scientific Cycle (Mathematics/Physics) — 2020 – 2022
Preparatory Institute for Engineering Studies of Bizerte (IPEIB)

Baccalaureate in Mathematics — 2020
Khayr Eddine Bacha High School, Mourouj 3

EXPERIENCE

Next CONSULT, Full Stack Developer — December 2025 - Present

- As a full stack developer, I contribute to the creation and evolution of high-value web applications, intervening in the entire development cycle (front-end & back-end).
- My goal is to design performant and scalable solutions that improve user experience, optimize business processes and effectively meet client needs.
- Examples of projects: e-commerce platform *(https://yoursoap.tn/)* and Kaisse application *(https://kaisse.tn)*.
- Tools used: Next.js, Laravel, Node.js, MongoDB, PostgreSQL ..

DECADE, Final Year Project — February - May 2025

- Project involved redesigning the checkout flow of an e-commerce website, to enhance performance, maintainability, and user experience.
- Front-end was migrated from TWIG to Next.js with responsive design. The back-end used a modular architecture with REST APIs in PHP, ensuring clear decoupling between front and back ends.
- Mini-project 1: Built an e-commerce site using React.js, interacting with APIs for product and cart management, to understand decoupled front-end operation.
- Mini-project 2: Developed another e-commerce site using Next.js with SSR and CSR rendering for performance optimization.
- Tools: Next.js, ReactJs, Redux, PHP, TypeScript, MySQL, Docker, Bitbucket, Postman, Swagger...

ConvergeINNOV, Internship: Full Stack Developer — JUNE - AUGUST 2024

- Designed and developed a mobile application for hotel management, allowing reservation administration and room management.
- Used Flutter for smooth cross-platform UI and Firebase for real-time data management and authentication.
- Tools: Flutter, Firebase, UML, GitHub...

Fortis Soft, Internship: Front-End Developer — JUNE - JULY 2023

- Developed a showcase website presenting the company's products and services with intuitive navigation.
- Front-end implemented using HTML, CSS, JavaScript, and a dynamic quote request form in PHP.
- Tools: HTML, CSS, JavaScript, PHP...

SKILLS

Programming Languages: C, C++, Java, PHP
Web Development (Frontend): HTML, CSS, JavaScript, TypeScript, Bootstrap, Angular, React.js, Next.js
Backend Frameworks: Node.js, Django, Laravel
Mobile Development: Ionic, Flutter
Databases: SQL, NoSQL, MySQL, MongoDB, Firebase, PostgreSQL
Tools & Environments: Docker, Git, Bitbucket, Swagger, Postman, GitHub, Jenkins, Linux, Jira, Unity
Soft Skills: Teamwork, Project Management, Time Management, Punctuality, Adaptability

LANGUAGES

Arabic: Native
French: Intermediate
English: Intermediate

CERTIFICATIONS

Introduction to Networks: Cisco Certified Network Associate
Switching and Routing: Cisco Certified Network Associate
Enterprise Networks Cisco Certified Network Associate
AWS Academy: Cloud Foundations
AWS Academy: Machine Learning Foundations
CrocoCoder Academy: Angular Training – 24h
Geeks Club ENSIT: Web Development Training

EXTRACURRICULAR

IEEE ENSIT Student Branch: Active member, participated in organizing TSYP 11 (2023)
Certificates of appreciation and recognition for involvement and overall performance.

SIT 2022: Participated in the forum with recognized contribution
Achievement certificate – Outstanding participation.

GEEKS Club ENSIT: Active member
Took part in training activities and tech events.
